

Team Involvement in Demonstration

Date	15 March 2026
Team ID	SWTID-2026-2912
Project Name	Credit Card Approval Prediction Using Machine Learning
Maximum Marks	1 Mark

S.N o	Team Member Name	Role in Demo	Section Presented	Contribution Summary	Participation (Active / Passive)
1	Nitla Bhavani	Team Lead / Presenter	Project overview, problem statement, and live demo of the Flask web application	Coordinated the team, led model selection across the four algorithms, and presented the endto-end approval prediction workflow	Active
2	Peetha Pujitha	Technical Presenter	Data preprocessing and feature engineering (binary risk-label conversion)	Built the data cleaning and feature engineering pipeline and explained the preprocessing steps during the demo	Active

3	Perusomula Naga Manoj	Technical Presenter	Model training and evaluation (Logistic Regression, Random Forest, XGBoost, Decision Tree)	Trained and compared the four classification models and presented accuracy/performance results	Active
---	-----------------------	---------------------	--	--	--------

Team Involvement in Demonstration:

This document records the active participation and roles of each team member during the project demonstration. It ensures that every member contributes meaningfully to the presentation and that responsibilities are distributed fairly and clearly.

Aspect	Details
Team Leader / Coordinator	Nitla Bhavani
Overall Team Coordination Rating (1-5)	4
Any issues during demo	Minor delay while switching screens between the Jupyter Notebook (model results) and the Flask web app during the live walkthrough

4	Nizampatnam Balaji Sai	Technical Presenter	Flask application integration and IBM Watson Machine Learning deployment	Integrated the best-performing model into the Flask app and demonstrated the cloud deployment pipeline	Active
5					
6					

Team Coordination Notes:

How issues were resolved	Pre-opened both windows and rehearsed the screen-switch sequence beforehand, so the transition was smooth during the actual demo
--------------------------	--
